Correction for “Clinical experience in the treatment of infants with chronic peritoneal dialysis,” by Enrico Verrina, Graziella Zacchello, Francesco Perfumo, Alberto Edefonti, Palma Sorino, Sergio Bassi, Barbara Andretta, Donatella Cattarelli, Giovanni Capasso, Geltrude Consalvo, Giancarlo Lavoratti, Luigi Longo, Stefano Rinaldi, Rosanna Gusmano, that appeared in *Advances in Peritoneal Dialysis*, volume 11, 1995, pages 281–4.

The co-authors regret that author Giovambattista Capasso’s name was published using the abbreviated Italian first name “Giovanni,” such that, during the subsequent year, this citation was attributed to another Italian scientist—not a nephrologist, but agronomist—named Giovanni Capasso.
